**RESOLUTION REGARDING TRANSPORTATION TO SCHOOL FOR STUDENTS
WITH SPECIAL NEEDS**

Whereas, Transportation is a service on the signed Individualized Education Program (IEP) document as agreed to by the parents or caregivers of a student and school district under the Individuals with Disabilities Education Act (IDEA); and

Whereas, The DC Office of the State Superintendent of Education (OSSE) is responsible for providing transportation for special needs students across the District; and

Whereas, OSSE has a long-standing history of failing to provide timely and safe transportation for students with special needs; and

Whereas, For the past eight weeks, late and no-show buses have caused students with special needs, including those residing in our ANC, to miss class time and have left families frustrated, scrambling and not knowing what to expect one day to the next; and

Whereas, Parents and guardians have to make arrangements on extremely short notice to help their children get to school; and

Whereas, Parents and caregivers are having to pay out of pocket to get their children to school and have to wait ‘at least’ 30 days minimum for reimbursement with no “maximum” amount of time defined; and

Whereas, Teachers and staff are being forced to work overtime to care for these students and make sure they are picked up; and

Whereas, Special need students are being denied FAPE (free and appropriate public education) and services required by their IEP because they cannot access their schools; and

Whereas, These issues were highlighted in a February 8, 2023 Washington Post article entitled “D.C. is failing disabled students who rely on buses to get to school;” and

Whereas, OSSE has yet to find an acceptable resolution to this important and pressing issue facing communities across the District; therefore

Be it resolved that ANC3E asks the Mayor and Council to take immediate action to bring relief to these students, families, and caregivers by:

1. Providing gas and rideshare gift certificates to impacted families;
2. Work with families who need to be reimbursed to fill out the paperwork and get the money to them as soon as possible;
3. Hold harmless in evaluations the teachers, staff and schools who are losing countless instructional hours with their students because of buses;
4. Investigate exactly why this situation has happened and hold those in OSSE leadership positions accountable;
5. Come up with a plan to address the loss of special education and related service provider services to students due to bus delays or no-shows;
6. Provide a timeline to parents about the resolution of the late and down routes;
7. Implement an application like those used in surrounding counties where parents and students can track their buses so they know when they are coming or if they are coming at all;
8. When a bus/ride is going to be earlier or later than their scheduled window, make sure the drivers can communicate that directly to families/caregivers/students via phone and/or text-whatever the student/guardians preference;
9. Allow drivers to communicate directly with the schools they are servicing to let them know about delays and schedule changes;
10. Require ESY (Extended School Year) planning to be made public earlier so families, caregivers, and students can plan their lives;
11. Create calendars to be shared directly with parents/guardians/students receiving transportation services that clearly communicate when OSSE will and won't be providing transportation services BEFORE the beginning of the new school year so families, caregivers and students can make alternative arrangements on days when there is school and no service;
12. Ensure that drivers are properly vetted and make that process transparent for students, guardians, and DCPS; and
13. Create an incentive program to attract and hire more bus drivers who are so desperately needed.

Be it further resolved that Commissioner Tandaric is authorized to speak on behalf of ANC 3F regarding this matter.

ANC 3F approved this resolution at its meeting on [April 18, 2023], which was properly noticed and at which a quorum was present, by a vote of 6 in favor, 0 opposed, and 0 abstaining.

Claudette David

Claudette David

Chair, ANC 3F
